### **Group Opener:**

Have you ever wished that you made the amount of money you make now? Are you more or less stressed about finances today?

### **Discussion Questions:**

1. Jesus addresses anxiety about finances. Globally speaking, we are among the richest people in the world. How does that re-frame your perspective on financial worry?
2. Read Luke 12:22-24 aloud. How does reading this saying of Jesus strengthen you to act generously, trading your “stuff” for life?
3. Jesus made it clear that you can build a life of false security while ignoring your eternity. How can generosity help break the hold of greed and anxiety in our lives, and instead give us confidence and clarity?
4. The sermon ended with permission to give yourself clarity and admit when you’re not ready for a particular faith commitment, such as dying to self, serving, or giving. If you were to admit it, what action are you *not* yet ready to take? What action are you ready to take?
