

## Man's Fall and God's Promise Genesis 3

### Discussion Questions:

1. The serpent tempted the woman to believe the lie that God is not good. What lies do we hear about God today? What lies are we tempted to believe about ourselves as it relates to God? What is the only way we can confidently know that something is true about God?
2. When the man and the woman ate of the fruit, they immediately felt shame, covered themselves, and hid from God. What are ways we cover ourselves from others and/or hide from God? How can faith in Jesus free us from all the shame and hiding?
3. Ever since the fall, we have been living in a broken world. How does the future for Christ-followers described in Revelation 22:1-3 help you to view your current situation differently?
