

Holy Sexuality & The Gospel: Dr. Christopher Yuan

Dr. Yuan travels the globe as a bearer of Christ proclaiming the good news of the redemptive power and unwavering love of Jesus. His journey through drug and sexual addictions, which lead him to prison with an HIV positive diagnosis, ultimately landed him at the cross where Christopher turned his life over to Jesus.

Galatians 2:20

I have been crucified with Christ & I no longer live, but Christ lives in me. The life I now live in the body, I live by faith in the Son of God.

Group Opener: From gay sex addiction, drug addiction, prison time, HIV diagnosis, loss of friends and family, to a completely transformed life...what a picture of God's love, grace, forgiveness & redemption! How did Dr. Yuan's personal journey impact you? What questions and thoughts came to mind?

Discussion Questions:

1. Even though our stories of God's redemption may not appear as dramatic as Dr. Yuan's, every story of God's redemption is amazing and beautiful. Do you have or know a story of God's redemption in your life or someone else's?
2. Have you ever practiced sharing your story with others? When's the last time you revisited your story writing down some of the things you can now see how God was intervening?
3. The culture rejoices when Christianity falls in line with "accepted theory". It's easy to get caught in thwarting the culture and missing God's sovereignty. How can we rejoice in God's story more, and sit back in defiance less? How will your family & others see that in your life?
4. Spend some time this week writing down prayers as they relate to God's redemption in your life. How does the truth of Galatians 2:20 relate to your life today? BLESS someone this week by telling someone what God has done in your life.

If you or anyone in your group are looking for more content from Dr. Yuan on Holy Sexuality it is available on Right Now Media. Feel free to give people this link where they can start their own account which is paid for by Hill Country.
