- Boundary of speech.
- Boundary of friendship.
- Boundary of touch.

### **SMALL GROUP DISCUSSION**

1. Do you interact closely with women at work, gym or other places? What are some of the difficulties of interacting with women in these environments? Have you had a friend that got involved with a woman through work or other environment? If so, how did the relationship develop?
2. What are some ways to protect yourself from crossing the boundaries of good judgment? Is it possible to be “normal” acting and still keep work relationships strictly business?
3. What advice would you give to a man who is entangled in an “emotional affair”? How could you help him if he was your accountability partner? If you were in this situation, would you share it with a friend? With your wife?
