MY APPLICATION

Use the following questions this week to reflect on what it would mean to align yourself with the truths taught in Scripture. Each question is meant for both personal reflection and as a catalyst for discussion with your family, friends, or small group.

1. What are your current technology habits, and how much time do you spend on a screen? How do you feel about this?
2. Read Genesis 11:1-4 and compare to what the people did in opposition to what God told them to do in Genesis 1:28 and 9:1. How did technology play a role in their plan? What should we conclude about technology in general?
3. Are you aware of the dangers of interactive screens and the challenges of high usage of social media, gaming, and extended screen time? How do these dangers impact your personal use of these technologies?
4. Are you participating in the detox this week? What is God teaching you about your involvement in technology?

Memory Verse

“But the Lord came down to see the city and the tower that the men were building.”
