

## Education – August 25<sup>th</sup>

**Education Connection** shares the love and provision of Christ as we demonstrate He can eradicate one of the largest issues facing Central Texas – school dropouts – by assuring every child is reading on level by the end of 3rd grade. You can help by becoming a Literacy Partner — someone who reads with two children for 30 minutes a week in one of over 120 elementary schools in 16 school districts near you.

- Register today to become a Literacy Partner
- If you have participated in Ed Connect in the past, consider becoming a Literacy Partner Coordinator or join the Core
- Join Ed Connect at their annual 5K Literacy Walk on October 26th by participating, giving or being a vendor at the event.

**Heart2Heart (Girls) and BraveHeart (Boys)** are after-school clubs for 5th grade students dedicated to providing an accepting and loving space where they can develop lifelong values through fun activities and biblical lessons in virtue and finding their identity in Jesus.

- Contact the ministry's leadership on how to start a club at your child's school or at a school in your community

**Moms in Prayer** gathers mothers to pray, which impacts children and schools worldwide for Christ.

- Go to their website to discover a group that meets to pray each week for your child's school
