

Joseph in Pharaoh's Court Genesis 40-41

Discussion Questions:

1. Joseph trusted God despite devastating circumstances. Have you seen examples of this kind of faith in your own life or in those around you? How do these examples encourage your level of trust in God to deepen?
2. God brings Joseph to a place of power, yet this blessing was not strictly for Joseph to enjoy. Who else would receive blessing and rescue from Joseph's new role?
3. In light of Joseph's story, consider the good things God has given you - relationships, time, finances, talents, answered prayers, etc. Do you think they are only for your benefit or to be used to bless those around you? What does this look like?
4. How does Joseph's story point us forward to the resurrection story of Easter?
5. Read Ephesians 2:8-9. Have you accepted God's gift of salvation by **personally** putting your faith in Jesus alone? -If not, would you consider taking this step of faith this Easter holiday? (Any leader here would love to talk with you further.)
