Discussion Questions:

- Do you feel like investing in non-eternal things brings you more joy or sorrow?
- What is the draw to investing your “wealth” in non-eternal things?
- We all can fall into the trap of investing in earthly things. What are some ways that you have been able to reshape your thinking when you realize you have fallen into the trap of living for earthly things rather than eternal things?
- What steps can you take today to help free your heart, mind, and will to invest in eternal things rather than things that will not last?
