

## **Jacob's Dream Genesis 28-29**

### Discussion Questions:

1. What mess did you find yourself in this week?
2. Can you think of a time when God reached out to you in the middle of a really difficult mess? And how did God encourage you in the middle of that mess?
3. How does knowing that God is working even in the middle of the mess encourage you?
4. Do you struggle to remember that God has made a stairway from heaven that you do not have to work for and that you do not deserve, but you have only received because of His grace? How does fully embracing His grace and love help you remember that you do not work your way to God?
