## Heaven, Hell, and Everything In Between

### Reality

Is there more to life than meets the eye? What's really going on in the world? What is really governing your life? The reality is that something is governing your life — and it's not you.

### Discussion Questions

1. How are you deliberately “bringing heaven down” to earth?
2. Are there any areas in which you are carelessly “pulling hell up”?
3. In what ways does life feel like a battle right now?
4. Deuteronomy 30:19 says, “Today I have given you the choice between life and death, between blessings and curses.”
  - What feelings and thoughts come to mind when you hear you have been given that choice to make?
  - What does it look like to choose life and blessings?
