

# ON PURPOSE

## Week 3: Love Actively

How can we paint a better picture of Jesus for our community, neighbors, co-workers, and people in our family who want nothing to do with Jesus because of the things they've seen or experienced from Christians?

### Discussion Questions

1. Have you ever had a bad customer service experience? If so, did you consider going back to that business?
2. Jesus said everyone will know we are his disciples if we love one another. Do you feel like Christians are doing that today?
3. Read **Luke 10:25–37**. How does Jesus redefine neighbor with this parable?
4. How can loving others like Jesus loves help change the perception of Christians?
5. Have you ever experienced love from someone who loves like Jesus? How did it affect you?

### Moving Forward

For far too long, the church has been known for what it's against. We want to be known for what we are FOR. The way to change the perception of Christians is by being a neighbor and loving others as Jesus loves you. Make a plan to love your neighbor by meeting a need, reconciling a relationship, inviting someone to dinner, starting a conversation, etc.

As a group, start the **How to Neighbor** Bible plan by texting "onpurpose" to 313131.
