

Part 1: Exclusivity

Why is our bar so low? It's never too late (or too soon) to raise the bar and strive for real intimacy.

Discussion Questions

1. How would you define **intimacy**? What influences have shaped your view of intimacy? Family? Friends? TV/Movies? Past relationships? Scripture?
2. What are your thoughts about the decline of happiness and its correlation with changes in cultural views of sexuality?
3. Do you think God really wants the best for you in the area of intimacy? How does that affect your choices?
4. Read **John 8:1–11**. What does this passage say to you about the way Jesus sees us? How does he demonstrate grace and mercy to the woman? Do you think he told her to “leave her life of sin” because he was trying to restrict her freedom, or because he loved her and wanted what was best for her? What makes you say that?
