

# LEADING THROUGH LEADING

## THREE ESSENTIALS FOR NAVIGATING UNCERTAINTY

### Part 1: Heaven Rules

Leadership, however great or small, is stewardship of the temporary influence we have. When we view our leadership as something for which we are accountable, we will be far less likely to leverage it for ourselves.

#### Discussion Questions

1. When it comes to leveraging influence and authority, who have you seen handle it well? Who has not? Explain.
2. As you consider your personal sphere of influence, which of these three descriptors do you find most challenging or inspiring? Why?

#### Stewardship | Temporary | Accountable

3. Read **Daniel 5:11–17**, where King Belshazzar searches for someone capable of interpreting his dream.
  - What stands out to you?
  - What does verse 17 indicate about Daniel?
4. Read **Mark 10:42–45**.
  - What stands out to you?
  - In Jesus's words, what are the qualifications for anyone who wants to become great?

### Moving Forward

This is an unusual season for all of us. But unusual times provide unusual opportunities. This week, look for an opportunity to leverage your influence—your temporary stewardship—for someone who could benefit from it. After all, that's why God gave it to you to begin with.
