

Live Generous

Generous people don't give sporadically. They have a plan.

To Discuss

1. Growing up, what did you learn about money from watching your parents? Did anyone ever teach you with intentionality about how to handle your money? Looking back, was it good advice?
2. Who do you know that lives generously? What makes you think that about them?
3. Read **Acts 20:33–35** aloud. Paul is writing to friends in the city of Ephesus giving an explanation of how he lived his life. What key words stand out to you and why? In your own words, what would you say Paul's bottom line is?
4. Do you have a generosity plan? If so, share it. If not, why not?
5. If you don't currently have a plan, what's holding you back from deciding to give away a percentage of your income?
6. What are you grateful for? What breaks your heart? Does your generosity reflect your answer to those two questions?
