

EASTER

Easter Matters

We all need Easter because we all need the love of God.

Discussion Questions:

1. How important was Easter in your home growing up?
 2. At one time or another, we've all wondered about God or wandered from God, or both. Have you wondered if God really knows you and loves you? Have you ever had a season where you've wandered from the faith you once knew?
 3. Read **Acts 17:22–31**, where Paul was speaking to people who weren't raised with a Jewish background. What do you observe about Paul's approach with them?
 4. Does God seem far away from you or near to you? What makes you say that?
